

In-Line Valves

Vent Valve Rollover, In-Line, JIC6 – JIC6 THD.
Part Number: CF-AA-021 (TRL6)

Specifications:

Fixing Arrangement:

Applications:

Compatibilities:

Finish:

Weight:

Flow Rate:

Valve Placement:

JIC -06 Threads

Standard Fuels, Oil & Water Tanks

Operation Temperature -40°C to +80°C

Anodised Red

35.0 grams

0.66 Litre/Second

Vertical $\pm 10^\circ$

Materials:

Bodies:

O-Ring:

Internal Floatation Ball:

Secondary Ball:

Ball Stopper:

Aluminium Alloy 6082/T6

Viton A (FPM or FKM)

HDPE Plastic (Green)

Stainless Steel 316

Brass

Dimensions:

Outside Diameter A:

Centre Diameter B:

Bolts Circle Diameter C:

Depth D:

22.0mm

70.0mm

9/16" x 18UNF (JIC -06) Thread

9/16" x 18UNF (JIC -06) Thread

Optional('s):

For Extreme fuels, please contact a Newton Representative.
