

In-Line Valves

Vent Valve Rollover, In-Line, Ø7.0 – Ø7.0 Standpipe.
Part Number: CF-AA-017 (TRL7)

Specifications:

Fixing Arrangement:

Applications:

Compatibilities:

Finish:

Weight:

Flow Rate:

Valve Placement:

Ø7.0 Hose Spigots

Standard Fuels, Oil & Water Tanks

Operation Temperature -40°C to +80°C

Anodised Red

30.0 grams

0.66 Litre/Second

Vertical ±10°

Materials:

Bodies:

O-Ring:

Internal Floatation Ball:

Secondary Ball:

Ball Stopper:

Aluminium Alloy 6082/T6

Viton A (FPM or FKM)

HDPE Plastic (Green)

Stainless Steel 316

Brass

Dimensions:

Outside Diameter A:

Height B:

Bolts Circle Diameter C:

Depth D:

22.00mm

63.0mm

Ø7.0 Spigot

Ø7.0 Spigot

Optional('s):

For Extreme fuels, please contact a Newton Representative.
